Overview

The best 3 days Tanzania safari in 2026/2027 takes travellers through Arusha National Park, Tarangire National Park, and Lake Manyara National Park. The journey begins in Arusha National Park, a scenic protected area near Mount Meru with diverse landscapes including rainforest, open savannah, lakes, and rich wildlife such as giraffes, zebras, buffaloes, primates, and birds. The safari then continues to Tarangire National Park, famous for large elephant herds, ancient baobab trees, and rewarding game drives. The final day explores Lake Manyara National Park, where lake views, flamingos, forest habitats, and possible tree-climbing lions create a memorable conclusion. This 3-day Arusha, Tarangire, and Lake Manyara safari is ideal for travellers looking for a short

Northern Tanzania wildlife experience with three different national parks in one compact itinerary.
